

Honeylite L Series

Honeylite L Series Spring-Clip Louvers are lightweight and economical. These louvers have 95° open area and are available with 45° or 60° cut-off. (Refer to Honeylite Basics.) L Series louvers are for use with a variety of fixtures or recessed fixtures. Frames are made from 1/2" cold-rolled steel and have 3 spring clips as shown, for easy installation.

Standard finish is our black proprietary polymer coating with an eggshell finish.
